Hi Avishkar

I had a discussion with Etienne from 13 Niger Road. He clearly does not support the booming despite me explaining the benefits thereof. He is adamant that it won't be approved and the costs associated with the application will be wasted.

He further stated that in the event of an emergency, there will only be one exit point. ... I found this to be a rather silly point.

Anyway, he is definitely not going to support this initiative.

Sorry, I tried.

Regards
Nazeer

Hi Avishkar

We appreciate your efforts but unfortunately cannot support your initiative for the following reasons:

- 1) We are already spending enough of our hard earned cash on private initiatives where the government has failed us i.e. Education, Private Security and Medical Aid to name a few
- 2) We currently enjoy the free flow of traffic on our road and do not want it to be disrupted with boom gates
- 3) We believe that the current security patrols (which we pay for every month) have been visible and adequate to provide a safe environment in our area. (They are present at least twice a week when I open and close my gate)
- 4) The existing foot patrol guard is already an additional deterrent for any possible crime in our street.

We kindly request that you remove us from any further communication on this matter and hereby confirm that **we do not have the budget nor interest to be part of this initiative.**

Kind regards

Rashied Essop.

Hi Rashied

Hope that you are well.....

I kindly request that you please pledge your support for our initiative in terms of booming our road.

Needless to say, but it would most certainly make it a safer place for us as well as increase our property values.

Please advise asap.

Regards.
